

EXECUTIVE UPDATE

*ICAC BULLET REPORT
For ICAC Members Only*

August 31, 2007

ICAC Welcomes Anguil Environmental Systems, Inc. as a Regular Member

Anguil Environmental Systems is a leading global supplier and service provider of a wide range of pollutant control technologies and energy solutions for industrial sources. Anguil's technologies control VOCs, HAPs, process odors, and NO_x utilizing a wide range of technologies including RTOs, RCOs, catalytic and thermal recuperative oxidizers, DFTOs, rotor concentrators and oxidizers, HCl scrubbers, self cleaning ceramic filters (SCCF), and heat exchangers. Anguil is headquartered at 8855 N. 55th St., Milwaukee, WI. Anguil's corporate representative will be Christopher Anguil, Vice President of Sales and Marketing, and the alternate corporate representative will be Rich Grzanka, Regional Vice President of Sales. Additional staff working with ICAC will include Kevin Summ/Marketing Manager, and Jeff Kudronowicz. For more, go to: www.anguil.com.

ICAC HQ staff welcomes all those at the Anguil Environmental!
